ABOUT ME

I am a first-year college student at Laguna State Polytechnic University, Santa Cruz Campus, pursuing the course of Bachelor of Science in Information Technology (BSIT) with a major in Web and Mobile Application Development. My interest in technology started at a young age through regular exposure to computers. I am currently building my foundational knowledge in programming and application development and am eager to learn as I progress in my studies.

SKILLS

- Computer Fundamentals
- Microsoft Office Oriented (Word, PowerPoint, Excel)
- Basic Graphic Design
- Java Programming Fundamentals
